Good afternoon Mr. Laycock,

I am following up on my email from last week requesting to schedule consultation for the Seminole Tribe on the State of Florida's 404 Program Application. The Seminole Tribe is available on Monday, September 28, 2020 for a video conference consultation. If you could please advise of a time that works for the EPA I would greatly appreciate it.

Thank you,

Rachael B. Santana | Attorney

Subject: Coordination of Consultation for the Seminole Tribe on Florida's 404 Program Application

Good afternoon Mr. Laycock,

My name is Rachael Santana and I represent the Seminole Tribe of Florida. The Seminole Tribe is in receipt of the two letters from EPA offering consultation under Section 106 of the National Historic Preservation Act and under EPA's Policy on Consultation and Coordination with Indian Tribes related to the State of Florida's application to assume Clean Water Act Section 404 authority. The Seminole Tribe appreciates the opportunity to consult with EPA on this important application. The Tribal Historic Preservation Office and Environmental Resource Management Department would like to have one combined consultation on Florida's 404 application. Representatives of the Seminole Tribe are available for a video conference consultation on Monday, September 28th. Please let me know if the 28th is available and what times work best for your team at EPA.

We look forward to "meeting" you and a productive conversation.

Regards,
